TSUKAMOTO Co.,Ltd.

Name of representative	Yutaka Tsukamoto
Year of establishment	1935
Capital	10 million yen
Main products	甘納豆
Business details and awards	Tsukumoto Amanatto There are some things that cannot be changed by the passage of time. There are things that must be attempted as time goes by. Our company is a manufacturer of authentic handmade amanatto (sweet soybeans) cooked over an open flame. Since its establishment in 1935, TSUKAMOTO Co., Ltd. has continued to build on its history and evolve its manufacturing technology while preserving traditions. In order to meet the needs of our customers, we, as a manufacturer of amanatto (sweet soybeans) with our original sugar substitution processing technology, we aspire to create a new business model and new style within the industry. Under our corporate philosophy of "Evolving Tradition", we will manufacture safe and reliable products with the aim of becoming a company that can meet the wishes of our customers. We aim to create a new style of amanatto by utilizing new ingredients without being bound by the conventional concepts of amanatto. In 1991, we obtained FSSC 22000 certification and are operating a food safety management system in pursuit of food safety and security.
