Yellow Doctor Japan Co., Ltd

Name of representative	Kazuhiro Osonoe
Year of establishment	2012
Capital	70 million yen
Business details and awards	<p>We import sea berries from Mongolia as an ingredient and make juice and skincare products out of them. We are a company that sells products online and to organic specialty stores in the metropolitan area. We also wholesale to companies and conduct OEM (Original equipment manufacturer) product development. Our product design were made by Ibaraki's design company "TRUNK Inc." and our design was selected as one of "IBARAKI design selections" in 2018.</p> <p>Our sea berry juice OEM factory is located in Koga City's beverage company called Taiyo Ltd., making this product an all Ibaraki product from its planning, design, and production. Our advantage is that our Mongolian staff stays at our branch in Mongolia and can communicate with local sea berry producers. This has allowed us to establish relationships of about 10 years that are built on mutual trust and that aid in smooth business.</p>
