MAMENOKA LST-1

Made from carefully selected ingredients, this product retains its original flavor while its odor and stickiness are less distinctive. It produces fewer sticky strings as it is made from a new type of natto bacteria. Individually packed. Suitable for natto detractors.

Product name	MAMENOKA LST-1
Company name	Kanasago Foods Co., Ltd.
Delivery available	January / February / March / April / May / June / July / August / September / October / November / December
Shelf life	1 year if frozen + 14 days once defrosted and refrigerated

Quantity per case	12
Minimum order	4 cases
Certification / accreditation (for product, factory, etc.)	Ibaraki HACCP
Preferred export destination countries or regions	Singapore, Vietnam, United States, Hong Kong
How to use	When you eat it by itself, try it with salt and pepper instead of a sauce and mustard. It is also delicious with olive oil or sesame oil. Even when heated its odor is mild, allowing it to be used as a substitute for all kinds of bean dishes. It is also more nutritious than usual soy beans.
